Note from Laura and Randy Horst: *"We chose to use objects with multiple connotations and meanings. The roots and grounding of Christ's love is represented by the circle of vines. The vines, physically similar to roots, form a circle representing our dynamic earth and the broader seasonal and cyclical nature of birth and growth – Christ's love is not static, but ever evolving and regenerating. Small buds on the circle hint at the fruits to come. Inspired by the forms of plants and trees, the larger organic shapes that appear to extend from the circle are the fruits of Christ's love as manifested in us – Christ's love grows within each of us in a unique way, but also helps form a broader network and community."*

Fellowship

Following the service, please join us outside for a time of fellowship. If the weather prevents us from going outside, we ask that people refrain from eating or drinking so that everyone can remain masked.
