

Berkey Outdoor Sanctuary

1. MEMORIAL GARDEN

This space is intended for rest, meditation, and prayer. A columbarium provides a space for the cremated remains of loved ones. A memorial wall remembers and honors deceased loved ones with a plaque.

2. OUTDOOR WORSHIP SPACE

Here people can come together and worship God in an outdoor setting close to nature. Services in this space could include Sunday morning worship, funerals, baptisms, weddings, and concerts.

3. COMMUNITY GARDEN

These garden plots have been part of Berkey for decades, not only for folks from the church but also for anyone from the neighborhood and the community to use and enjoy.

4. PRAYER LABYRINTH

This simple circular design in the midst of nature invites people to walk the path and reflect, pray, and to be centered with God.

5. WILDFLOWER GARDEN

A wide range of native prairie flowers provides a beautiful sanctuary spot for people, while also providing a safe refuge for butterflies, bees, birds, and small animals.

6. WOODS

Approximately 100 Berkey volunteers planted 700 trees of 17 different native species to create a wooded area. We hope the woods can become a sanctuary for both animals and people, and, in a small way, heal the effects of climate change.

7. CHURCH BUILDING

8. PLAYGROUND

9. PARKING
